Independent Auditors' Report on Review of Interim Financial Information

To the Board of Directors of Sharjah Islamic Bank PJSC

Introduction

We have reviewed the accompanying 31 March 2026 condensed consolidated interim financial statements of Sharjah Islamic Bank PJSC ("the Bank"), which comprises:

- the condensed consolidated interim statement of financial position as at 31 March 2026;
- the condensed consolidated interim statements of profit or loss and other comprehensive income for the three-month periods ended 31 March 2026;
- the condensed consolidated interim statements of changes in equity for the three-month period ended 31 March 2026;
- the condensed consolidated interim statements of cash flows for the three-month period ended 31 March 2026; and
- notes to the interim financial information.

Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 31 March 2026 condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

1. Legal status and activities

SHARJAH ISLAMIC BANK PJSC (the "Bank") was incorporated in 1975 as a public joint stock company by Emiri Decree issued by His Highness the Ruler of Sharjah, United Arab Emirates ("UAE") and is listed on the Abu Dhabi Securities Exchange. The Bank is engaged in banking, financing and investing activities in accordance with its articles of incorporation, Islamic Shari'a principles and regulations of Central Bank of the UAE ("CBUAE"), which are carried out through its 35 branches (*As at 31 December 2025: 34 branches*) established in the UAE.

At an extraordinary shareholder's meeting held on 18 March 2001, a resolution was passed to transform the Bank's activities to be in full compliance with Islamic Shari'a rules and principles. The entire process was completed on 31 March 2002 ("the transformation date"). As a result the Bank transformed its conventional banking products into Islamic banking products during the six month period ended 30 June 2002 after negotiation and agreement with its customers.

These condensed consolidated interim financial statements of the Group comprise the Bank and its fully owned subsidiaries incorporated in the UAE, Sharjah National Hotels ("SNH"), Sharjah Islamic Securities LLC SP ("SIBS") and ASAS Real Estate LLC SP ("ASAS") as well as special purpose vehicles established in the Cayman Islands, SIB Sukuk Company III Limited, SIB Tier 1 Sukuk Company Limited and SIB Tier 1 Sukuk IIND Limited, (all together referred to as the "Group"). SNH through its divisions is engaged in operating hotels and resorts, catering and related services, whereas SIBS is involved in conducting intermediation in dealing in local market Shari'a compliant shares. ASAS is involved in the business of real estate. SIB Sukuk Company III Limited, SIB Tier 1 Sukuk Company Limited and SIB Tier 1 Sukuk IIND Limited were established for the Bank's Sukuk program.

The registered office of the Bank is Post Box No.4, Sharjah, UAE.

2. Basis of preparation

a) Statement of compliance

These condensed consolidated interim financial statements have been prepared in accordance with IAS 34, Interim Financial Reporting. Selected explanatory notes, are included to explain events and transactions that are significant to an understanding of the changes in financial position and performance of the Group since the last annual consolidated financial statements as at and for the year ended 31 December 2025. These condensed consolidated interim financial statements do not include all of the information required for a full set of annual consolidated financial statements and should be read in conjunction with the annual consolidated financial statements of the Group as at and for the year ended 31 December 2025, including the UAE Federal Law No. 32 of 2021 as amended, on Commercial Companies.

On 15 September 2025, the Federal Decree-Law No. (6) of 2025 (the "Federal Law") was issued and came into effect on 16 September 2025. The Group is in the process of reviewing the new provisions and will apply the requirements thereof no later than one year from the date on which the Federal Law came into effect.

2. Basis of preparation (continued)**b) Basis of measurement**

These condensed consolidated interim financial statements have been prepared on a historical cost basis except for, provision for employees' end of service benefits which is measured using the projected credit unit method under IAS 19, and the following material items in the condensed consolidated interim statement of financial position which are measured at fair value:

- i) financial assets at fair value through profit or loss (FVTPL);
- ii) financial assets at fair value through other comprehensive income (FVTOCI);
- iii) investment properties at fair value; and
- iv) Islamic financial derivatives

3. Material accounting policies

The accounting policies applied by the Group in preparation of these condensed consolidated interim financial statements are consistent with those applied by the Group in its annual consolidated financial statements as at and for the year ended 31 December 2025.

a) New and revised IFRS adopted in the condensed consolidated interim financial statements

The following new and revised IFRS, which became effective for annual periods beginning on or after 1 January 2026, have been adopted in these condensed consolidated interim financial statements. The application of these revised IFRSs, except where stated, have not had any material impact on the amounts or disclosures reported for the current and prior periods.

New standards and significant amendments to standards applicable to the Group	Effective date
Amendments to IFRS 9 and IFRS 7 - Classification and measurement of financial instruments	1 January 2026

The amendments include:

- Recognition and derecognition, including accounting for settlement of financial liabilities using an electronic payments system; and
- Assessing contractual cash flow characteristics of financial assets, including those with sustainability linked features.

3. Material accounting policies (continued)

b) New and revised IFRS in issue but not yet effective and not early adopted

New standards and significant amendments to standards applicable to the Group	Effective date
IFRS 18 - Presentation and Disclosure in Financial Statements	1 January 2027

IFRS 18 will replace IAS 1 - 'Presentation of Financial Statements' and applies for annual reporting periods beginning on or after 1 January 2027. The new standard introduces the following new key requirements:

- Entities are required to classify all income and expenses into five categories in the statement of profit or loss, namely the operating, investing, financing, discontinued operations and income tax categories. Entities are also required to present a newly defined operating profit subtotal. Entities' net profit will not change.
- Management defined performance measures (MPMs) are disclosed in a single note in the financial statements/
- Enhanced guidance is provided on how to group information in the financial statements.

In addition, all entities are required to use the operating profit sub total as the starting point for the statement of cash flows when presenting operating cash flows under the indirect method.

The Group is currently assessing the impact of the above amendments on the future financial statements and intends to adopt these, if applicable, when they become effective.

4. Key accounting estimates and judgments

The preparation of condensed consolidated interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these condensed consolidated interim financial statements, significant judgement is exercised by management in applying the Group's accounting policies. The key sources of estimation uncertainty are consistent with the annual audited consolidated financial statements of the Group as at and for the year ended 31 December 2025.

4. Key accounting estimates and judgments (continued)

i) Use of estimates and judgements

The IFRS 9 Committee has reviewed the inputs and assumptions for IFRS 9 ECL measurement in light of available information which are in line with the inputs and assumptions used by the Group during the year ended 31 December 2025.

Following both regulatory mandates and industry standards, TTC PDs are adjusted based on internal rating grades that reflect historical default rates. The Group has integrated LGD models for its various portfolios, such as secured and unsecured corporate and retail portfolios. These models are based on the actual recovery rates as observed over the period of more than ten years.

Judgement is also required in estimating EAD, particularly for Islamic financing commitments, including letters of credit and financial guarantee, and financing facilities such as covered cards, where deterioration in the macro-economic environment is generally accompanied by an increase in the volumes and duration of the drawdowns. Credit conversion factor used by the Bank for unutilized limits has been computed at 20% in case of retail exposures as well as corporate exposures with remaining maturity of less than one year or 50% in case of corporate exposures with remaining maturity of more than one year.

The Group considers a range of possible outcomes and their respective probabilities, and to apply judgement in determining what constitutes reasonable and forward looking information. Estimates and underlying assumptions are reviewed on an ongoing basis and are based on historical experiences and other factors, including the recent regional military escalations that have increased uncertainty across the Gulf region and may impact the Group's operating environment as detailed below:

Regional Geopolitical Developments

During the three month period ended 31 March 2026, regional geopolitical tensions and military escalations in parts of the Middle East increased uncertainty in the economic environment. The situation continues to evolve and has had secondary impacts in several countries across the Middle East including UAE, causing disruption to some business and economic activities. This has brought about additional uncertainties in the economic environment.

Management has closely monitored these requirements and performed a preliminary assessment of the potential impact of the recent regional military escalations on key sectors and counterparties, including a review of exposures in potentially affected industries such as real estate for the Group. As part of this assessment, the management has considered the impact of higher volatility in the forward-looking macro-economic factors, when determining the severity and likelihood of economic scenarios for ECL determination. The scenarios applied are broadly weighted between 45% and 55% across base and downside cases.

The Bank's business continuity planning framework and other risk management practices remain in place to respond to any potential operational or business disruption arising from the evolving regional situation.

The Group has also considered relevant regulatory guidance, including relief measures introduced by the Central Bank of the UAE. As at 31 March 2026, the Group plans to utilise such relief measures on a case to case basis, if, and when, required. However there has not been any significant utilization of the relief measures from a credit risk perspective as of 31 March 2026.

5. Financial risk management

The Group's financial risk management objectives, policies and procedures are consistent with those disclosed in the annual consolidated financial statements as at and for the year ended 31 December 2025.

i) Fair value measurement of financial instruments

The Bank's existing policy on fair value measurement of financial instruments is disclosed in note 3 (b) to the annual audited consolidated financial statements of the Group as at and for the year ended 31 December 2025.

ii) Concentration analysis

Please refer to note 10.1 (a) and (b) to the condensed consolidated interim financial statements, which discloses the product and sector wise categorization of Investment in Islamic financing as at 31 March 2026. The Group's financial risk management objectives, policies and procedures are consistent with those disclosed in the annual consolidated financial statements as at and for the year ended 31 December 2025.

iii) Profit rate risk

The principal risk to which non-trading portfolios are exposed, is the risk of loss from fluctuations in the future cash flows or fair values of financial instruments because of a change in market profit rates. Profit rate risk primarily comprises of market and valuation risk, are managed on the basis of pre-determined asset allocations across various asset categories, a continuous appraisal of market conditions and trends and management's estimate of long and short term changes in fair value. Overall pricing or profit rate risk positions are managed by the Asset and Liability Committee ("ALCO").

The sensitivity of the condensed consolidated statement of profit or loss is the effect of the assumed changes in profit rates on the net income.

15. Other liabilities (continued)

* Sundry creditors include an amount of AED 147 million (*As at 31 December 2025: AED 212 million*) which relates to client money balances. In accordance with the regulations issued by the Capital Market Authority (“CMA”), the Group separately maintains moneys received from its customers (“client money”) and presents the client money as part of the consolidated financial statements under ‘Cash and balances with banks and financial institutions’ with the corresponding liability in ‘Other liabilities’. The client money is not available to the Group other than to settle transactions executed in the trading accounts of the customers.

17. Tier 1 sukuk

On 4 June 2025, the Bank issued Shari’a compliant Additional Tier 1 sukuk through a SPV, SIB Tier 1 Sukuk IIND Ltd, (“the issuer”) amounting to USD 500 million (AED 1,836.5 million) at par.

Additional Tier 1 sukuk is a perpetual security in respect of which there is no fixed redemption date and constitutes direct, unsecured, subordinated obligations (senior only to share capital) of the Bank subject to the terms and conditions of the Mudaraba Agreement. These sukuk are expected to pay expected profit semi-annually of 6.125 per cent each year, commencing from 4 June 2025 with periodic distribution due on 4 December and 4 June every year. The expected profit rate will be reset to a new expected rate on the basis of the then prevailing reoffer spread of 195.6 bps on 4 June 2031 (“the first reset date”) and every 6 years thereafter. These sukuk are listed on Euronext Dublin and Nasdaq Dubai and are callable by the Bank on 4 December 2030 (“the first call date”) or any profit payment date / periodic distribution date thereafter subject to certain redemption conditions.

The net proceeds of Additional Tier 1 Sukuk are invested by the Bank in its Shari’ah permissible activities on a co-mingling basis. At the Issuer’s sole discretion, it may elect not to make any Mudaraba profit distributions expected and the event is not considered an event of default. In such an event, the Mudaraba profit will not be accumulated but forfeited to the issuer. If the issuer makes a non-payment election or a non-payment event occurs, then the Bank will not (a) declare or pay any distribution or dividend or make any other payment, and will procure that no distribution or dividend or other payment is made on ordinary shares issued by the Bank, or (b) directly or indirectly redeem, purchase, cancel, reduce or otherwise acquire ordinary shares issued by the Bank.

18. Treasury shares**a) Disposal of treasury shares**

During the year ended 31 December 2024, the Bank repurchased 167.7 million of its own shares, representing 5.18% of its total issued and paid up share capital of the Bank (the “treasury shares”), from Kuwait Finance House, subsequent to approval from the Central Bank of the UAE on 16 September 2024 and the Bank’s shareholders’ on 16 October 2024 respectively, in accordance with Article 221 of the UAE Federal Law No. 32 of 2021.

During the year ended 31 December 2025, the Bank sold the treasury shares at a premium of AED 99.6 million which is classified under shareholders’ equity as share premium.

18. Treasury shares (continued)**b) Appointment of liquidity provider**

The Bank has engaged a third party licensed liquidity provider for its shares listed on the Abu Dhabi Securities Exchange ("ADX"). Under this agreement, the liquidity provider will provide enhanced liquidity for the shares of the Bank listed on ADX by offering bid-ask quotes in line with the guidelines set by ADX and the UAE Capital Market Authority ("CMA"). This agreement is intended to boost liquidity and build stronger confidence among investors in the Bank's publicly traded shares.

As at 31 March 2026, the liquidity provider held 3.1 million of the Bank's shares on behalf of the Bank (*As at 31 December 2025: 7.3 million shares*), which are classified under shareholders' equity as treasury shares at the price at which the shares were bought by the liquidity provider. As at 31 March 2026, the liquidity provider also holds unutilised amount of AED 37.4 million (*As at 31 December 2025: 22.3 million*) which has been included in 'Cash and balances with banks and financial institutions'.

At the end of the term of the agreement with the liquidity provider, the Bank will have the option to either transfer the outstanding shares under its name or dispose of its shares in the market.

20. Islamic derivative financial instruments

The Group uses Islamic profit rate swaps to hedge against the cash flow risks arising on certain variable rate financial assets and fixed rated financial liabilities. These are designated by the Group as cash flow hedges, and, as such, the Group applies cash flow hedge accounting to hedge the variability in highly probable forecast future cash flows attributable to profit rate risk on financial assets and liabilities. The table below shows the positive and negative fair values of Islamic derivative financial instruments, which are equivalent to the market values, together with the notional amounts analysed by the term to maturity.

24. Related parties (continued)

The ultimate controlling party of the Bank is the Government of Sharjah. Major shareholders of the Bank comprise of fully owned entities of the Government of Sharjah namely Sharjah Asset Management LLC and Sharjah Social Security Fund who hold 28.46% and 16.12% of the Bank's issued and fully paid up share capital respectively as at 31 March 2026 and 31 December 2025.

25. Fair value measurement

The Group measures fair values using the following fair value hierarchy, which reflects the significance of the inputs used in making the measurements.

Level 1: inputs that are quoted market prices (unadjusted) in active markets for identical instruments.

Level 2: inputs other than quoted prices included within Level 1 that are observable either directly (i.e. as prices) or indirectly (i.e. derived from prices). This category includes instruments valued using quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or other valuation techniques in which all significant inputs are directly or indirectly observable from market data.

Level 3: inputs that are unobservable. This category includes all instruments for which the valuation technique includes inputs not based on observable data and the unobservable inputs have a significant effect on the instrument's valuation. This category includes instruments that are valued based on quoted prices for similar instruments for which significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Valuation techniques include net present value and discounted cash flow models, comparison to similar instruments for which market observable prices exist, and other valuation models. Assumptions and inputs used in valuation techniques include risk-free and benchmark profit rates, credit spreads in estimating discount rates, sukuk and equity prices, foreign currency exchange rates, equity and equity index prices and expected price volatilities and correlations. The objective of valuation techniques is to arrive at a fair value measurement that reflects the price that would be received to sell the asset or paid to transfer the liability in an orderly transaction between market participants at the measurement date.

The Group has an established control framework with respect to the measurement of fair values. This framework includes a valuation function, which is independent of front office management and reports to the Investment Committee, and which has overall responsibility for independently verifying the results of trading and investment operations and all significant fair value measurements.

Specific controls include:

- verification of observable pricing;
- re-performance of model valuations;
- a review and approval process for new models and changes to models involving valuation function;
- calibration and back-testing of models against observed market transactions at regular intervals;
- analysis and investigation of significant valuation movements; and
- review of significant unobservable inputs, valuation adjustments and significant changes to the fair value measurement of Level 3 instruments compared with the previous month, by Investment Committee.

Significant valuation issues are reported to the Investment Committee.

Management considers that the carrying amounts of financial assets and financial liabilities, measured at amortised cost, recognised in the condensed consolidated interim financial statements approximate their fair values, other than investments measured at amortised cost for which the fair value is calculated using Level 1 inputs. As at 31 March 2026, fair value for investments measured at amortised cost amounts to AED 12,575.1 million (*As at 31 December 2025: AED 13,156.3 million*) against carrying value of AED 12,686.8 million (*As at 31 December 2025: AED 12,944.5 million*).

There were no transfers of any financial instruments between any of the levels in the fair value hierarchy during the three month period ended 31 March 2026 or during the year ended 31 December 2025.

The following table shows a reconciliation from the beginning balances to the ending balances for fair value measurements in Level 3 of the hierarchy for investment securities and investment properties:

During the three month period ended 31 March 2026, the Group transferred properties amounting to AED 87.8 million from investment properties to properties held for sale (*year ended 31 December 2025, the Group transferred properties of AED 1,167.6 million from investment properties to properties held for sale*). This has no impact on condensed consolidated interim statement of cash flows for the three month period ended 31 March 2026 or 31 March 2025.

Unobservable inputs used in measuring fair value

The investment department constantly monitors the progress of its investments by conducting its own valuation assessment along with information provided by the fund manager. Depending on the nature of the underlying asset, quantitative methods are used such as residual value, discounted cash flow / scenario analysis or comparable market valuation. Qualitative methods which involve taking into consideration the market & economic outlook are also employed. The carrying amount of the investment properties is the fair value of the properties as determined by an independent appraiser having an appropriate recognised professional qualification and recent experience in the location and category of the property being valued and is reviewed by the Board of Directors on an annual basis. The valuation techniques used for fair valuation of the investment properties were disclosed in the consolidated financial statements for the year ended 31 December 2025.

The effect of unobservable input on fair value measurement

Although the Group believes that its estimates of fair value are appropriate, the use of different methodologies or assumptions could lead to different measurements of fair value. For fair value measurements in Level 3, changing one or more of the assumptions by 10% would have the following effects:

	Effect on profit or loss		Effect on OCI	
	Favorable	Unfavorable	Favorable	Unfavorable

26. Interim measurement

The nature of the Group's business is such that income and expense are incurred in a manner, which is not impacted by any form of seasonality. These condensed consolidated interim financial statements were prepared based upon the accrual concept, which requires income and expenses to be recorded as earned or incurred and not as received or paid throughout the period.

27. Dividends

During the annual general meeting of the shareholders held on 09 March 2026, a cash dividend of 20% of the paid up capital, amounting to AED 647.1 million (AED 0.2 per share) was approved for the year ended 31 December 2025 (*During the annual general meeting of the shareholders held on 23 February 2025, a cash dividend of 15% of the paid up capital, amounting to AED 458.7 million (AED 0.15 per share) was approved for the year ended 31 December 2024*).

The Group receives legal claims arising in the normal course of business. As of the reporting date, the Group has assessed these claims and considers them not to be material, individually or in aggregate. Where appropriate, the Group has recognised a provision for liabilities when it was probable that an outflow of economic resources embodying economic benefits would be required and for which a reliable estimate could be made of the obligation. The Group seeks to comply with all applicable laws and regulations, but may be subject to regulatory actions and investigations from time to time, the outcome of which are generally difficult to predict and can be material.
